prestyle PAINT-READY MDF
DOORS & PANELS

Doors

Panelform Prestyle doors are pre-moulded using a moisture-resistant MDF substrate and specialist machinery operated by experienced craftsmen. Delivered ready for painting, Prestyle doors are 18mm thick and available in three different substrate options.

Prestyle doors are constructed using only the highest quality materials and are proudly made right here in New Zealand.

prestyle PAINT-READY MDF DOORS & PANELS

Prestyle doors are available in 30 different door styles. To view all door styles, visit panelform.co.nz

Panelform Prestyle doors give architects and designers the freedom to customise to any colour and finish that you desire; a feature invaluable in a design world that craves distinctiveness and originality.

Already machined and sanded, Prestyle shows off the advantages of Panelform's specialist machinery and expert craftsmen, making them the perfect blank canvases – delivered ready to paint.

The use of moisture resistant (MR) MDF ensures Prestyle keeps its good looks and adds lasting value and elegance to any interior.

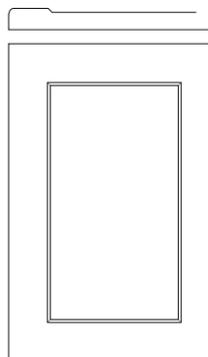

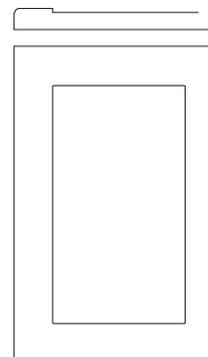

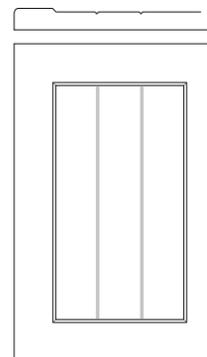

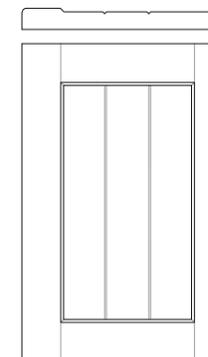

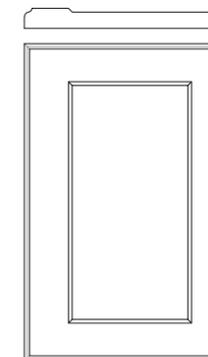

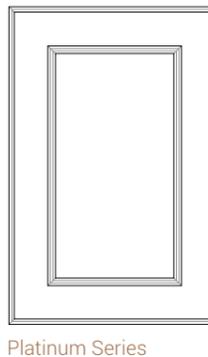

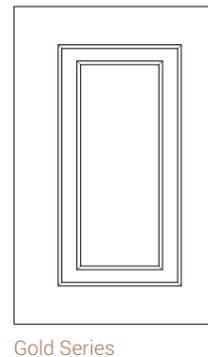

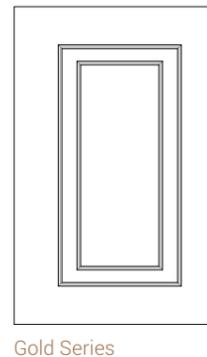

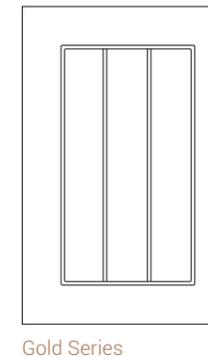

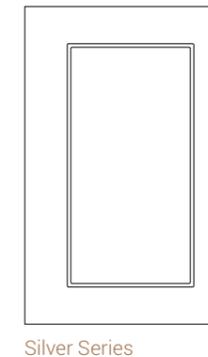

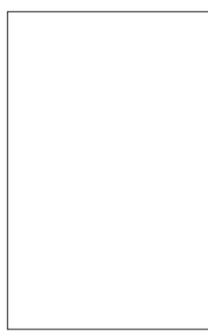

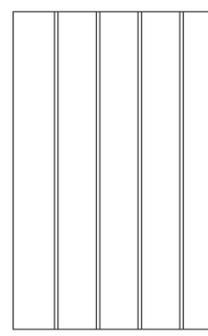

MR MDF (raw MDF both sides, for all door styles except Platinum Series)

MR MDF – White Back (white melamine on back, raw MDF on front. For all door styles)

MR MDF – 2 piece (raw MDF both sides, made as a frame and an insert glued in, for Platinum Series only)
